

## IT GIRLS SPRING PROJECT

If you enjoyed the Drawbot project, then tell us about it by submitting a short presentation about your build process, end result, and what you learned!

### Presentation Guidelines:

- Be creative and original (you can make a video no more than 3 minutes long or Powerpoint presentation)
- Explain what you learned and the topics you covered
- Talk about your experiments with forces with your motor and Drawbot
- Tell us what you loved about the project and/or IT Girls

### How to submit a video or presentation:

- Contact your teacher to tell her you are interested in participating and they will then send you a link to upload your presentation
- Participating in this contest means that you and your parents consent to having your video be possibly shared on IT Girls and other social media sites
- You must submit your entry by Midnight on Sunday, March 14<sup>th</sup>

IT Girls will select 4 winners (2 from each school) and they will each receive a \$25 Amazon gift card for the most creative presentation.

**GOOD LUCK!**
